

1. Comparative Study of Low-Code Development using Student Admission Enquiry Form

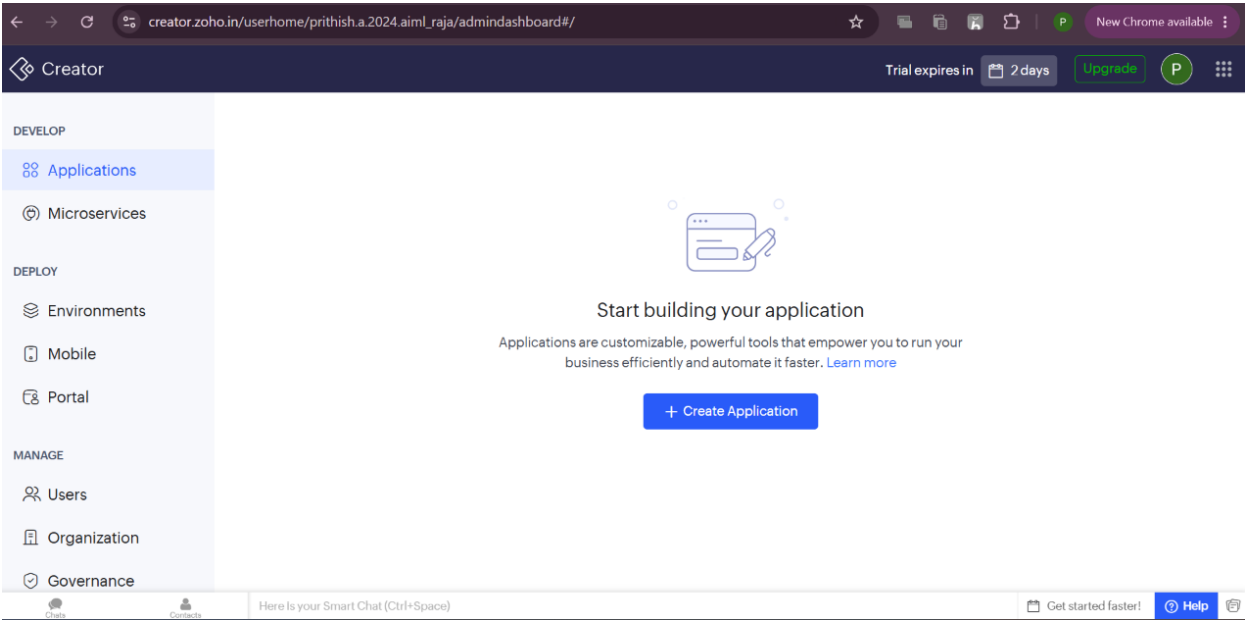

Aim

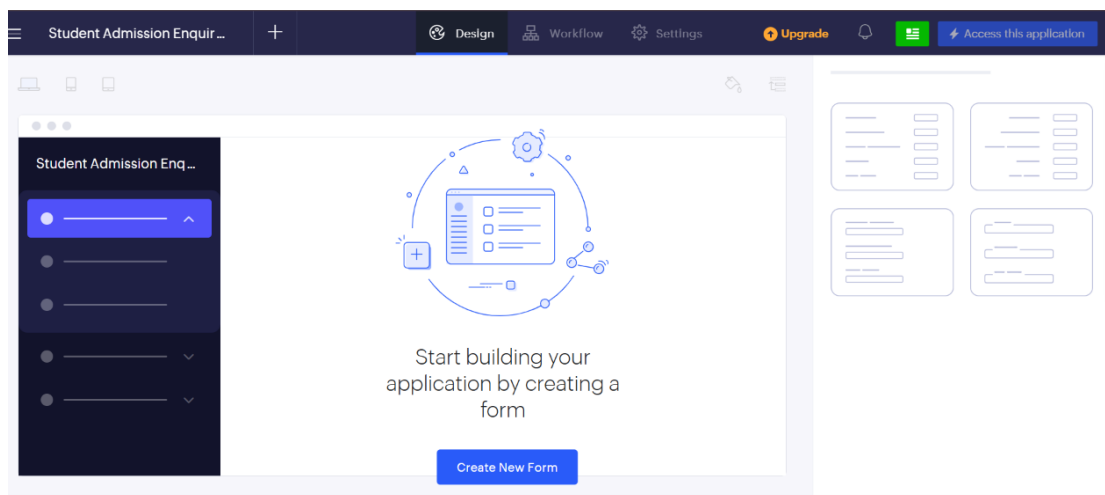

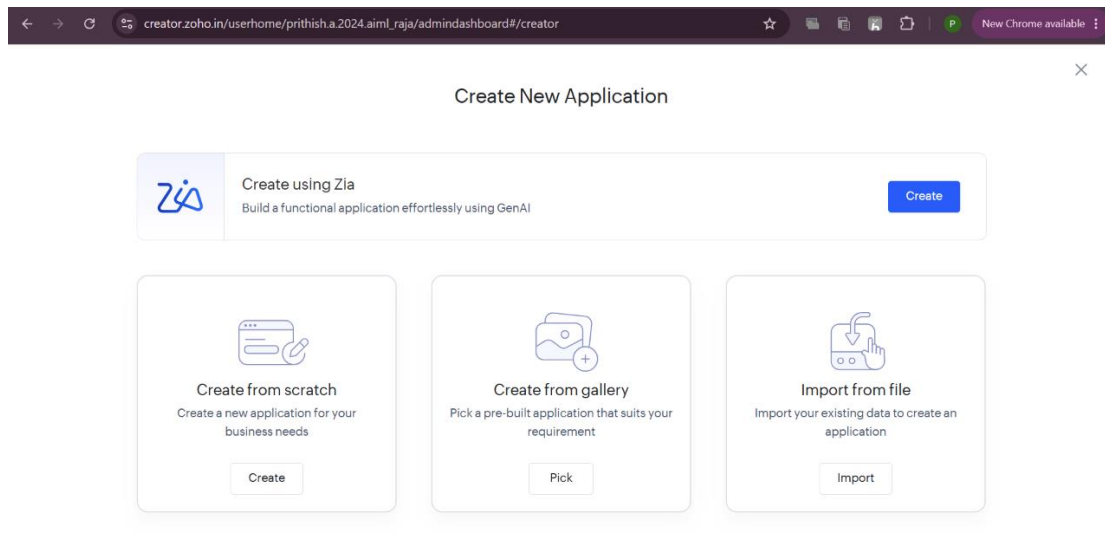

To study the advantages of developing the **Student Admission Enquiry Form** using a low-code platform (Zoho Creator) compared with traditional programming.

Comparison Table

Traditional Development	Low-Code (Zoho Creator)
Write HTML, CSS, JS	Drag-and-drop form builder
Write backend code	Automatic database creation
Manual validation	Built-in validation
Manual report creation	Auto-generated reports
Longer development time	Faster development

SCREENSHOTS:

Observation

Developing the Student Admission Enquiry Form using Zoho Creator is faster and requires minimal coding.

Result

The comparative study of Low-Code Development was completed successfully.
